SECTION 20. Right to keep and bear arms; armies; military power subordinate to civil authority; how soldiers quartered.

A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed. As, in times of peace, armies are dangerous to liberty, they shall not be maintained without the consent of the General Assembly. The military power of the State shall always be held in subordination to the civil authority and be governed by it. No soldier shall in time of peace be

quartered in any house without the consent of the owner nor in time of war but in the manner prescribed by law. (1970 (56) 2684; 1971 (57) 315.)

Editor's Note

SECTION 21. Martial law.

No person shall in any case be subject to martial law or to any pains or penalties by virtue of that law, except those employed in the armed forces of the United States, and except the militia in actual service, but by the authority of the General Assembly. (1970 (56) 2684; 1971 (57) 315.)

(1970 (56) 2684; 1971 (57) 315.)

SECTION 23. Provisions of Constitution mandatory.

The provisions of the Constitution shall be taken, deemed, and construed to be mandatory and prohibitory, and not merely directory, except where expressly made directory or permissive by its own terms. (1970 (56) 2684; 1971 (57) 315.)

Editor's Note

The present provisions of this section are identical to former Section 29 of Article I as it existed prior to the 1971 revision.

SECTION 24. Victims' Bill of Rights.

(A) To preserve and protect victims' rights to justice and due process regardless of race, sex, age, religion, or economic status, victims of crime have the right to:

(1) be treated with fairness, respect, and dignity, and to be free from intimidation, harassment, or abuse, throughout the criminal and juvenile justice process, and informed of the victim's constitutional rights, provided by statute;

(2) be reasonably informed when the accused or convicted person is arrested, released from custody, or has escaped;

(9) receive prompt and full restitution from the person or persons convicted of the criminal conduct that caused the victim's loss or injury, including both adult and juvenile offenders;

(10) be informed of any proceeding when any post-conviction action is being considered, and be present at any post-conviction hearing involving a post-conviction release decision;

(11) a reasonable disposition and prompt and final conclusion of the case;

(12) have all rules governing criminal procedure and the admissibility of evidence in all criminal proceedings protect victims' rights and have these rules subject to amendment or repeal by the legislature to ensure protection of these rights.

(B) Nothing in this section creates a civil cause of action on behalf of any person against any public employee, public agency, the State, or any agency responsible for the enforcement of rights and provision of services contained in this section. The rights created in this section may be subject to a writ of mandamus, to be issued by any justice of the Supreme Court or circuit court judge to require compliance by any public employee, public agency, the State, or any agency responsible for the enforcement of the rights and provisions of these services contained in this section, and a wilful failure to comply with a writ of mandamus is punishable as contempt.

The term "victim" also includes the person's spouse, parent, child, or lawful representative of a crime victim who is deceased, who is a minor or who is incompetent or who was a homicide victim or who is physically or psychologically incapacitated.

(3) The General Assembly has the authority to enact substantive and procedural laws to define, implement, preserve, and protect the rights guaranteed to victims by this section, including the authority to extend any of these rights to juvenile proceedings.

(4) The enumeration in the Constitution of certain rights for victims shall not be construed to deny or disparage others granted by the General Assembly or retained by victims. (1998 Act No. 259.)

SECTION 25. Hunting and fishing.

The traditions of hunting and fishing are valuable parts of the state's heritage, important for conservation, and a protected means of managing nonthreatened wildlife. The citizens of this State have the right to hunt, fish, and harvest wildlife traditionally pursued, subject to laws and regulations promoting sound wildlife conservation and management as prescribed by the General Assembly. Nothing in this section shall be construed to abrogate any private property rights, existing state laws or regulations, or the state's sovereignty over its natural resources.

It shall be the duty of the General Assembly to enact laws limiting the number of acres of land which any alien or any corporation controlled by aliens may own within this State.

SECTION 36. General reserve fund; capital reserve fund.

(A) The General Assembly shall provide for a General Reserve Fund of five percent of the general fund revenue of the latest completed fiscal year. The five percent requirement shall be achieved by increasing the percentage requirement by a cumulative one-half of one percent of general fund revenue in each fiscal

year succeeding the last fiscal year to which the three percent requirement applied until the percentage of revenue in the General Reserve Fund equals the five percent requirement, which shall thereafter be maintained. Funds may be withdrawn from the reserve only for the purpose of covering operating deficits of state government. The General Assembly must provide for the orderly restoration of funds withdrawn from the reserve from future revenues and out of funds accumulating in excess of annual operating expenditures.

(1) The General Assembly shall provide by law for a procedure to survey the progress of the collection of revenue and the expenditure of funds and to authorize and direct reduction of appropriations as may be necessary to prevent a deficit.

(2) In the event of a year-end operating deficit, so much of the reserve fund as may be necessary must be used to cover the deficit; and the amount must be restored to the reserve fund within five fiscal years out of future revenues until the five percent, or the applicable percentage amount required to be transferred to the General Reserve Fund, is again reached and maintained. Provided that a minimum of one percent of the general fund revenue of the latest completed fiscal year, if so much is necessary, must be restored to the reserve fund each year following the deficit until the five percent, or the applicable percentage amount required by general law to be transferred to the General Reserve Fund is restored.

(B) The General Assembly, in the annual general appropriations act, shall appropriate, out of the estimated revenue of the general fund for the fiscal year for which the appropriations are made, into a Capital Reserve Fund, which is separate and distinct from the General Reserve Fund, an amount equal to two percent of the general fund revenue of the latest completed fiscal year.

(1) In any fiscal year in which the General Reserve Fund does not maintain the required percentage of general fund revenue, monies from the Capital Reserve Fund first must be used, to the extent necessary, to fully replenish the General Reserve Fund. The Capital Reserve Fund's replenishment of the General Reserve Fund is in addition to the replenishment requirement provided in subsection (A)(2) of this section. After the General Reserve Fund is fully replenished to the required percentage, the monies in the Capital Reserve Fund may be appropriated, except that the Capital Reserve Fund must not be used to offset a midyear budget reduction.

(2) Subsequent to appropriations required by item (1) of this subsection, monies from the Capital Reserve Fund may be appropriated by the General Assembly in separate legislation upon an affirmative vote in each branch of the General Assembly by two-thirds of the members present and voting, but not less than three-fifths of the total membership in each branch for the following purposes:

- (a) to finance in cash previously authorized capital improvement bond projects;
- (b) to retire interest or principal on bonds previously issued;
- (c) for capital improvements or other nonrecurring purposes.

(3)(a) Any appropriation of monies from the Capital Reserve Fund as provided in this subsection must be ranked in priority of expenditure and is effective thirty days after completion of the fiscal year. If it is determined that the fiscal year has ended with an operating deficit, then the monies appropriated from the Capital Reserve Fund must be reduced based on the rank of priority, beginning with the lowest priority, to the extent necessary and applied to the year-end operating deficit before withdrawing monies from the General Reserve Fund.

(b) At the end of the fiscal year, any monies in the Capital Reserve Fund that are not appropriated as provided in this subsection or any appropriation for a particular project or item which has been reduced due to application of the monies to a year end deficit must lapse and be credited to the general fund. No laws for a specific municipality shall be enacted, and no municipality shall be exempted from the laws applicable to municipalities or applicable to a particular form of government selected by any municipality as authorized by Section 9 of this article. (1972 (57) 3184; 1973 (58) 67.)

SECTION 11. Adoption and amendment of municipal charters.

The General Assembly shall provide by general law two or more optional procedures by which incorporated municipalities may select a charter commission for the framing, publishing, and adopting of a municipal charter and the making of amendments thereto. Any municipality so eligible shall have the power to frame and to amend a municipal charter setting forth its governmental structure and organization, powers, duties, functions, and responsibilities. No municipal charter so framed shall contain any provision inconsistent with this Constitution or the general law provisions enacted pursuant to Section 14 of this article. Such charter or charters or charter amendments shall not become effective until approved by a majority of the qualified electors of the municipality voting thereon. The General Assembly may determine the classes of municipalities to which the provisions of this section apply. (1972 (57) 3184; 1973 (58) 67.)

SECTION 12. Consolidation of counties with municipalities and other political subdivisions.

Notwithstanding any other provisions of this Constitution, any county may consolidate with the municipalities and other political subdivisions within its limits into a single unit of government, which shall be known as a consolidated political subdivision.

The General Assembly shall provide by law for a referendum on such consolidations and for procedures for the framing of a charter for the new political subdivision. Such referendum shall be held only upon the request of the governing body of the county or upon petition of ten percent of the registered electors within the county.

Such consolidation shall not take place unless approved by a majority of the qualified electors voting on the questions of the consolidation and on the charter therefor in the same election or in successive elections held for these purposes. All municipalities and all other political subdivisions within the county not continued by the approved charter shall cease to exist at the effective date of the consolidation.

Any political subdivision created by such a consolidation shall have the power to frame, to publish, to adopt, and to amend a charter setting forth its governmental structure and organization, powers, duties, functions, and responsibilities. No charter so framed shall contain any provision inconsistent with this Constitution or with general law provisions applicable in all municipalities or counties enacted pursuant to Section 14 of this article.

Such charter or charter amendments shall not become effective until approved by a majority of the qualified electors of such political subdivisions voting on the question. (1972 (57) 3184; 1973 (58) 67.)

SECTION 13. Joint administration of functions and exercise of powers.

(A) Any county, incorporated municipality, or other political subdivision may agree with the State or with any other political subdivision for the joint administration of any function and exercise of powers and the sharing of the costs thereof.

(B) Nothing in this Constitution may be construed to prohibit the State or any of its counties, incorporated municipalities, or other political subdivisions from agreeing to share the lawful cost, responsibility, and administration of functions with any one or more governments, whether within or without this State.

(C) The prohibitions against dual officeholding contained in Article VI of this Constitution do not apply to any elected or appointed official or employee who serves on a regional council of government created under the authority of this section.

(D) Counties may jointly develop an industrial or business park with other counties within the geographical boundaries of one or more of the member counties. The area comprising the parks and all

property having a situs therein is exempt from all ad valorem taxation. The owners or lessees of any property situated in the park shall pay an amount equivalent to the property taxes or other in-lieu-of payments that would have been due and payable except for the exemption herein provided. The participating counties shall reduce the agreement to develop and share expenses and revenues of the park to a written instrument which is binding on all participating counties. Included within expenses are the costs to provide public services such as sewage, water, fire, and police protection. Notwithstanding the above provisions of this subsection, before a group of member counties may establish an industrial or business park as authorized herein, the General Assembly must first provide by law for the manner in which the value of the property in the park will be considered for purposes of bonded indebtedness of political subdivisions and school districts and for purposes of computing the index of taxpaying ability pursuant to any provision of law which measures the relative fiscal capacity of a school district to support its schools based on the assessed valuation of taxable property in the district as compared to the assessed valuation of the taxable property in all school districts of this State. (1972 (57) 3184; 1973 (58) 67; 1989 Act No. 6.)

SECTION 14. General law provisions not to be set aside.

In enacting provisions required or authorized by this article, general law provisions applicable to the following matters shall not be set aside:

(1) The freedoms guaranteed every person; (2) election and suffrage qualifications; (3) bonded indebtedness of governmental units; (4) the structure for and the administration of the State's judicial system; (5) criminal laws and the penalties and sanctions for the transgression thereof; and (6) the structure and the administration of any governmental service or function, responsibility for which rests with the State government or which requires statewide uniformity. (1972 (57) 3184; 1973 (58) 67.)

SECTION 15. Consent of local governing body to certain laws required.

No law shall be passed by the General Assembly granting the right to construct and operate in a public street or on public property a street or other railway, telegraph, telephone or electric plant, or to erect water, sewer or gas works for public use, or to lay mains for any purpose, or to use the streets for any other such facility, without first obtaining the consent of the governing body of the municipality in control of the streets or public places proposed to be occupied for any such or like purpose; nor shall any law be passed by the General Assembly granting the right to construct and operate in a public street or on public property a street or other railway, or to erect waterworks for public use, or to lay water or sewer mains for any purpose, or to use the streets for any facility other than telephone, telegraph, gas and electric, without first obtaining the consent of the governing body of the county or the consolidated political subdivision in control of the streets or public places proposed to be occupied for any such or like purpose. (1972 (57) 3184; 1973 (58) 67.)

Editor's Note

The present provisions of the first part of this section dealing with municipalities are similar to former Section 4 of Article VIII as it existed prior to the 1973 revision.

SECTION 16. Acquisition and operation of public utility systems.

Any incorporated municipality may, upon a majority vote of the electors of such political subdivision who shall vote on the question, acquire by initial construction or purchase and may operate gas, water, sewer, electric, transportation or other public utility systems and plants.

Any county or consolidated political subdivision created under this Constitution may, upon a majority vote of the electors voting on the question in such county or consolidated political subdivision, acquire by initial construction or purchase and may operate water, sewer, transportation or other public utility systems and plants other than gas and electric; provided this provision shall not prohibit the continued operation of gas and electric, water, sewer or other such utility systems of a municipality which becomes a part of a consolidated political subdivision. (1972 (57) 3184; 1973 (58) 67.)

Editor's Note

The present provisions of the first paragraph of this section are somewhat similar to former Section 5 of Article VIII as it existed prior to the 1973 revision.

SECTION 17. Construction of Constitution and laws.

The provisions of this Constitution and all laws concerning local government shall be liberally construed in their favor. Powers, duties, and responsibilities granted local government subdivisions by this Constitution and by law shall include those fairly implied and not prohibited by this Constitution. (1972 (57) 3184; 1973 (58) 67.)

SECTION 18. Assignment and regulation of territories for electrical and gas utilities.

Sections 15 and 16 of this article notwithstanding, the General Assembly shall provide by general law for the assignment and regulation of territories for electrical and gas utilities within consolidated political subdivisions, except within former municipal corporate limits as they existed on the date of consolidation whenever such municipality owns and operates its own electric or gas system. (1972 (57) 3184; 1973 (58) 67.)

ARTICLE VIII-A

Editor's Note

The amendment ratified by 1973 Act No 122 (1973 (58) 146) added this article and transposed hereto former Section 11 of Article VIII as it substantially existed prior to the revision of that article by amendment ratified by 1973 Act No 63 (1973 (58) 67).

SECTION 1. Powers of General Assembly.

In the exercise of the police power the General Assembly has the right to prohibit and to regulate the manufacture, sale, and retail of alcoholic liquors or beverages within the State. The General Assembly may license persons or corporations to manufacture, sell, and retail alcoholic liquors or beverages within the State under the rules and restrictions as it considers proper, including the right to sell alcoholic liquors or beverages in containers of such size as the General Assembly considers appropriate. The General Assembly may prohibit the manufacture, sale, and retail of alcoholic liquors and beverages within the State, and may authorize and empower state, county, and municipal officers, all or either, under the authority and in the name of the State, to buy in any market and retail within the State liquors and beverages in such packages and quantities, under such rules and regulations, as it considers expedient. However, a license must not be granted to sell alcoholic beverages in less quantities than one ounce in licensed retail stores, or to sell them between seven o'clock p.m. and nine o'clock a.m., or to sell them to be drunk on the premises; however, the General Assembly shall not delegate to any municipal corporation the power to issue licenses to sell alcoholic liquors or beverages. However, licenses may be granted to sell and consume alcoholic liquors and beverages on the premises of businesses which engage primarily and substantially in the preparation and serving of meals or furnishing of lodging or on the premises of certain nonprofit organizations with limited membership not open to the general public, during such hours as the General Assembly may provide. (1972 (57) 3189; 1973 (58) 146; 1973 (58) 865; 1975 (59) 35; 2005 Act No. 19.)

(2) All real and personal property owned by or leased to companies primarily engaged in transportation for hire of persons or property and used by the company in the conduct of such business shall be taxed on an assessment equal to nine and one-half percent of the fair market value of such property.

(3) The legal residence and not more than five acres contiguous thereto shall be taxed on an assessment equal to four percent of the fair market value of such property.

(4) Agricultural real property which is actually used for such purposes shall be taxed on an assessment equal to:

(A) four percent of its value for such purposes when owned or leased to individuals or partnerships and certain corporations which do not:

(iii) have a nonresident alien as a shareholder; and

(iv) have more than one class of stock.

(B) six percent of its value for such purposes when owned or leased to corporations, except for certain corporations specified in (A) above. Provided, that the General Assembly shall by general law provide for a penalty system on lands classified as agricultural lands to insure the proper utilization of this classification.

(5) All other real property not herein provided for shall be taxed on an assessment equal to six percent of the fair market value of such property.

(6) All inventories of business establishments shall be taxed on an assessment equal to six percent of the fair market value of such property.

(7) All farm machinery and equipment except motor vehicles licensed for use on the highways owned by farmers and used on agricultural lands shall be taxed on an assessment equal to five percent of the fair market value.

(8)(A) Except as provided in subitem (B) of this item, all other personal property must be taxed on an assessment equal to ten and one-half percent of the fair market value of the property.

(B)(1) Personal motor vehicles which must be titled by a state or federal agency, limited to passenger motor vehicles and pickup trucks, as defined by law, must be taxed on an assessment equal to the following percentage of fair market value of the property:

Property Tax Year	Percentage
year 1	9.75
year 2	9.00
year 3	8.25
year 4	7.50
year 5	6.75
year 6 and after	6.00

(2) This subitem applies for property tax years beginning after 2001 or for earlier tax years as the General Assembly may provide by law. (1976 (59) 2217; 1977 (60) 90; 2001 Act No. 10.)

SECTION 2. Defining classes of property and values for property tax purposes; transition to assessment ratios; continuance of existing statutes pertaining to assessment methods; changing assessment ratios.

(a) The General Assembly may define the classes of property and values for property tax purposes of the classes of property set forth in Section 1 of this article and establish administrative procedures for property owners to qualify for a particular classification.

(b) The General Assembly may provide for a gradual transition to any ratio as set out in Section 1 over a period not to exceed seven years.

(c) Statutes pertaining to the methods of assessment of property for ad valorem taxation not in conflict with this article shall continue in force until changed by an act of the General Assembly.

(d) The General Assembly may change the ratios as set forth in Section 1, but only with the approval of at least two-thirds of the membership of each house. (1976 (59) 2217; 1977 (60) 90.)

Editor's Note

The provisions of this section are somewhat similar to former Section 3A of Article X as it read prior to the 1977 revision.

SECTION 3. Property exempt from ad valorem taxation.

There shall be exempt from ad valorem taxation:

(a) all property of the State, counties, municipalities, school districts and other political subdivisions, if the property is used exclusively for public purposes;

(b) all property of all schools, colleges and other institutions of learning and all charitable institutions in the nature of hospitals and institutions caring for the infirmed, the handicapped, the aged, children and indigent persons, except where the profits of such institutions are applied to private use;

(c) all property of all public libraries, churches, parsonages and burying grounds;

(d) all property of all charitable trusts and foundations used exclusively for charitable and public purposes;

(e) all household goods and furniture used in the home of the owner of such goods and furniture, but this exemption shall not apply to household goods used in hotels, rooming houses, apartments or other places of business;

(f) all inventories of manufactures, except manufactured articles which have been offered for sale at retail or which have been available for sale at retail;

(g) all new manufacturing establishments located in any of the counties of this State after July 1, 1977, for five years from the time of establishment and all additions to the existing manufacturing establishments located in any of the counties of this State for five years from the time each of these additions is made if the cost of the addition is fifty thousand dollars or more. The additions shall include additional machinery and equipment installed in the plant. The exemptions authorized in this item for manufacturing establishments, and additions to those manufacturing establishments, do not include exemptions from school taxes or municipal taxes but include only county taxes. All manufacturing establishments and all additions to existing manufacturing establishments exempt under existing statutes are allowed their exemptions provided for by statute until the exemptions expire. Municipal governing bodies may by ordinance exempt from municipal ad valorem taxation for not more than five years all new manufacturing establishments located in any of the municipalities of this State after July 1, 1985, and all additions to the existing manufacturing establishments, including additional machinery and equipment, located in any of the municipalities of this State costing fifty thousand dollars or more made after July 1, 1985. Exemptions from municipal taxation granted pursuant to this item may not result in any refund of taxes;

The governing body of a municipality may by ordinance exempt from municipal ad valorem taxation for not more than five years:

(1) all new corporate headquarters, corporate office facilities, distribution facilities located in the municipality, and additions to such facilities; and

(2) all facilities of new enterprises engaged in research and development activities located in the municipality, and additions to such facilities.

The exemptions allowed pursuant to this paragraph are subject to those terms and conditions that the General Assembly may provide by law.

(h) all facilities or equipment of industrial plants which are designed for the elimination, mitigation, prevention, treatment, abatement or control of water, air or noise pollution;

(i) a homestead exemption for persons sixty-five years of age and older, for persons permanently and totally disabled and for blind persons in the amount of ten thousand dollars of the fair market value of the homestead under conditions prescribed by the General Assembly by general law; provided, that the amount may be increased by the General Assembly by general law, passed by a majority vote of both houses;

(j) intangible personal property.

The exemptions provided in subitems (c) and (d) for real property shall not extend beyond the buildings and premises actually occupied by the owners of such real property. Homestead exemptions from ad valorem taxation not specifically provided for in this section may be provided for by the General Assembly by general law. In addition to the exemptions listed in this section, the General Assembly may provide for exemptions from the property tax, by general laws applicable uniformly to property throughout the State and in all political subdivisions, but only with the approval of two-thirds of the members of each House. All exemptions not specifically provided for or authorized in this article shall be repealed March 1, 1978. The General Assembly shall provide for methods and procedures in applying for the exemption of any property as is described in this section.

In addition to the exemptions provided and authorized in this section, subject to statutory authorization, the governing body of a county by ordinance may impose a sales and use tax in order to exempt all or a portion of the value of private passenger motor vehicles, motorcycles, general aviation aircraft, boats, and boat motors from property taxes levied in the county. This exemption, or its subsequent rescission, is allowed only pursuant to a referendum held in the county in the manner that the General Assembly provides by law. (1976 (59) 2217; 1977 (60) 90; 1985 Act No. 19; 1995 Act No. 47; 2001 Act No. 9.)

Editor's Note

The present provisions of this section are somewhat similar to former Section 4 of Article X as it existed prior to the 1977 revision.

See Article III, Section 28 for Notes of Decisions relating to homestead exemption.

SECTION 4. One assessment for all taxes.

The General Assembly shall provide for the assessment of all property for taxation, whether for state, county, school, municipal or any other political subdivision. All taxes shall be levied on that assessment. (1976 (59) 2217; 1977 (60) 90.)

Editor's Note

The present provisions of this section are somewhat similar to former Section 13 of Article X as it existed prior to the 1977 revision.

SECTION 5. No tax without consent; taxes to be levied in pursuance of law.

No tax, subsidy or charge shall be established, fixed, laid or levied, under any pretext whatsoever, without the consent of the people or their representatives lawfully assembled. Any tax which shall be levied shall distinctly state the public purpose to which the proceeds of the tax shall be applied. (1976 (59) 2217; 1977 (60) 90.)

Editor's Note

The present provisions of the first sentence of this section are similar to former Section 3B of Article X as it existed prior to the 1977 revision; the present provisions of the second sentence of this section are somewhat similar to former Section 3 of Article X as it existed prior to the 1977 revision.

SECTION 6. Establishment of method of valuation for assessment of real property within State.

Except as otherwise provided in this section, the General Assembly may vest the power of assessing and collecting taxes in all of the political subdivisions of the State, including counties, municipalities, special purpose districts, public service districts, and school districts. Property tax levies shall be uniform in respect to persons and property within the jurisdiction of the body imposing such taxes; provided, that on properties located in an area receiving special benefits from the taxes collected, special levies may be permitted by general law applicable to the same type of political subdivision throughout the State, and the General Assembly shall specify the precise condition under which such special levies shall be assessed. For the tax year beginning 2007, each parcel of real property in this State shall have a maximum value for ad valorem taxes that does not exceed its fair market value. The General Assembly is authorized, by general law, to define "fair market value" and to define when property has been improved or when losses have occurred to change the value of the real property.

The General Assembly shall establish, through the enactment of general law, and not through the enactment of local legislation pertaining to a single county or other political subdivision, the method of assessment of real property within the State that shall apply to each political subdivision within the State. Each political subdivision shall value real property by a method in which the value of each parcel of real property, adjusted for improvements and losses, does not increase more than fifteen percent every five years unless, as defined by the General Assembly, an assessable transfer of interest occurs.

Notwithstanding any other provision of law, for the purposes of calculating the limit on bonded indebtedness of political subdivisions and school districts, pursuant to Sections 14 and 15 of Article X, respectively of the Constitution of this State, the assessed values of all taxable property within a political subdivision or school district shall not be lower than the assessed values of tax year 2006.

Whenever there is a merger of governments authorized under Section 12 of Article VIII, tax districts may be created, based upon the services rendered in each district, but tax levies must be uniform in respect to persons and property within each such district. (1976 (59) 2217; 1977 (60) 90; 2007 Act No. 12.)

Editor's Note

This section is derived from Sections 5, 13-a, 14, 14-a, and 15 to 22 of Article X as they existed prior to the 1977 revision.

SECTION 7. Limitation on annual expenditures of state government and number of state employees; annual budgets and expenses of political subdivisions and school districts.

(a) The General Assembly shall provide by law for a budget process to insure that annual expenditures of state government may not exceed annual state revenue.

(b) Each political subdivision of the State as defined in Section 14 of this article and each school district of this State shall prepare and maintain annual budgets which provide for sufficient income to meet its estimated expenses for each year. Whenever it shall happen that the ordinary expenses of a political subdivision for any year shall exceed the income of such political subdivision, the governing body of such political subdivision shall provide for levying a tax in the ensuing year sufficient, with other sources of income, to pay the deficiency of the preceding year together with the estimated expenses for such ensuing year. The General Assembly shall establish procedures to insure that the provisions of this section are enforced.

(c) The General Assembly shall prescribe by law a spending limitation on appropriations for the operation of state government which shall provide that annual increases in such appropriations may not exceed the average growth rate of the economy of the State as measured by a process provided for by the law which prescribes the limitations on appropriations; provided, however, the limitation may be suspended for any one fiscal year by a special vote as provided in this subsection.

During the regular session of the General Assembly in 1990 and during every fifth annual regular session thereafter, the General Assembly shall conduct and complete a review of the law implementing this subsection. During such session, only a vote of two-thirds of the members of each branch present and

voting shall be required to change the existing limitation on appropriation. Unless that is done, the existing limitations shall remain unchanged.

Upon implementation of the provisions of this subsection by law, such law may not be amended or repealed except by the special vote as provided in this subsection.

The special vote referred to in this subsection means an affirmative vote in each branch of the General Assembly by two-thirds of the members present and voting, but not less than three-fifths of the total membership in each branch.

(d) The General Assembly shall prescribe by law a limitation on the number of state employees which shall provide that the annual increase in such number may not exceed the average growth rate in the population of the State measured by a process provided for in the law which prescribes that employment limitation; provided, however, the limitation may be suspended for any one fiscal year by a special vote as provided in this subsection.

Upon implementation of the provisions of this subsection by law, such law may not be amended or repealed except by the special vote provided in this subsection.

The special vote referred to in this subsection means an affirmative vote in each branch of the General Assembly by two-thirds of the members present and voting, but not less than three-fifths of the total membership in each branch. (1976 (59) 2217; 1977 (60) 90; 1985 Act No. 10.)

SECTION 10. Claims against State.

The General Assembly may direct, by law, in what manner claims against the State may be established and adjusted. (1976 (59) 2217; 1977 (60) 90.)

Editor's Note

The provisions of this section are identical to Section 2 of Article XVII.

SECTION 11. Credit of State and political subdivisions.

The credit of neither the State nor of any of its political subdivisions shall be pledged or loaned for the benefit of any individual, company, association, corporation, or any religious or other private education institution except as permitted by Section 3, Article XI of this Constitution. Neither the State nor any of its political subdivisions shall become a joint owner of or stockholder in any company, association, or corporation. The General Assembly may, however, authorize the South Carolina Public Service Authority

to become a joint owner with privately owned electric utilities, including electric cooperatives, of electric generation or transmission facilities, or both, and to enter into and carry out agreements with respect to such jointly owned facilities.

Provided, however, the General Assembly may obligate or appropriate state funds in order to participate in federal or federally aided disaster related grant or loan programs for individuals or families, but only to the extent that such state participation is a prerequisite to federal financial assistance.

Provided, however, that endowment funds donated specifically to state-supported institutions of higher learning and held by the State Treasurer may be invested and reinvested in equity securities of a corporation within the United States that is registered on a national securities exchange, as provided in the Securities Exchange Act of 1934 or a successor act, or quoted through the National Association of Securities Dealers Automatic Quotations System or similar service. The General Assembly shall implement this paragraph by enacting legislation in which these endowment funds held and invested by the State Treasurer must be invested pursuant to a plan recommended by the State Retirement Systems Investment Panel which must be submitted to and approved by the boards of trustees of the respective colleges and universities.

Notwithstanding any other provision of this section, a municipality, county, special purpose district, or public service district of this State which provides firefighting service and which administers a separate pension plan for its employees performing this service may invest and reinvest the funds in this pension plan in equity securities traded on a national securities exchange as provided in the Securities Exchange Act of 1934 or a successor act, or in equity securities quoted through the National Association of Securities Dealers Automatic Quotations System or similar service. (1976 (59) 2217; 1977 (60) 90; 1979 Act No. 1; 1985 Act No. 7; 1999 Act No. 11; 2003 Act No. 93.)

Editor's Note

The provisions of the first two sentences of this section are somewhat similar to the first sentence of former Section 6 of Article X as it existed prior to the 1977 revision; the provisions of the third sentence of this section are identical to the second sentence of former Section 6 of Article X as it existed prior to the 1977 revision.

SECTION 12. Counties not to incur bonded indebtedness for special services in certain areas without special tax or charge on area or persons benefitted.

No law shall be enacted permitting the incurring of bonded indebtedness by any county for sewage disposal or treatment, fire protection, street lighting, garbage collection and disposal, water service or any other service or facility benefitting only a particular geographical section of the county unless a special assessment, tax or service charge in an amount designed to provide debt service on bonded indebtedness or revenue bonds incurred for such purposes shall be imposed upon the area or persons receiving the benefit therefrom. (1976 (59) 2217; 1977 (60) 90.)

SECTION 13. Bonded indebtedness of State.

(1) Subject to the conditions and limitations in this section, the State shall have power to incur indebtedness in the following categories and in no others: (a) general obligation debt; and (b) indebtedness payable only from a revenue-producing project or from a special source as provided in subsection (9) hereof.

(2) "General obligation debt" shall mean any indebtedness of the State which shall be secured in whole or in part by a pledge of the full faith, credit and taxing power of the State.

(3) General obligation debt may not be incurred except for a public purpose and all general obligation debt shall mature not later than thirty years from the time such indebtedness shall be incurred.

(4) In each act authorizing the incurring of general obligation debt the General Assembly shall allocate on an annual basis sufficient tax revenues to provide for the punctual payment of the principal of and interest on such general obligation debt. If at any time any payment due as the principal of or interest on any general obligation debt shall not be paid as and when the same become due and payable, the State

Comptroller General shall forthwith levy and the State Treasurer shall collect an ad valorem tax without limit as to rate or amount upon all taxable property in the State sufficient to meet the payment of the principal and interest of such general obligation debt then due.

(5) If general obligation debt be authorized by (a) two-thirds of the members of each House of the General Assembly; or (b) by a majority vote of the qualified electors of the State voting in a referendum called by the General Assembly there shall be no conditions or restrictions limiting the incurring of such indebtedness except (i) those restrictions and limitations imposed in the authorization to incur such indebtedness, and (ii) the provisions of subsection (3) hereof.

(6) General obligation debt may be also incurred on such terms and conditions as the General Assembly may by law prescribe under the following limitations:

(a) General obligation bonds for highway purposes (highway bonds) may be issued if such bonds shall be additionally secured by a pledge of the revenues derived from the "sources of revenue" as such term is defined in this subsection; provided, that the maximum annual debt service on all highway bonds so additionally secured which shall thereafter be outstanding shall not exceed fifteen percent of the proceeds received from the sources of revenue for the fiscal year next preceding.

For the purpose of this subsection, the term "sources of revenue" shall mean so much of the revenues as may be made applicable by the General Assembly for state highway purposes from any and all taxes or licenses imposed upon individuals or vehicles for the privilege of using the public highways of the State.

(b) General obligation bonds for any state institution of higher learning designated by the General Assembly (state institution bonds) may be issued, if such bonds shall be additionally secured by a pledge of the revenues derived from the tuition fees received by the particular institution of higher learning for which such state institution bonds are issued; provided, that the maximum annual debt service on all state institution bonds so additionally secured issued for such state institution thereafter to be outstanding shall not exceed ninety percent of the sums received by such state institution of higher learning from tuition fees for the fiscal year next preceding.

(c) General obligation bonds for any public purpose including those purposes set forth in (a) and (b) may be issued; provided, that the maximum annual debt service on all general obligation bonds of the State thereafter to be outstanding (excluding highway bonds, state institution bonds, tax anticipation notes, and bond anticipation notes) must not exceed five percent of the general revenues of the State for the fiscal year next preceding (excluding revenues which are authorized to be pledged for state highway bonds and state institution bonds).

Upon implementation of the provisions of this item by law, the percentage rate of general revenues may be reduced to four or increased to seven percent by legislative enactment passed by a two-thirds vote of the total membership of the Senate and a two-thirds vote of the total membership of the House of Representatives.

During the regular session of the General Assembly in 1990 and during every fifth annual regular session thereafter, the General Assembly shall conduct and complete a review of the law implementing this item. Unless during such session that review results in an amendment to or repeal of the law implementing this item, which must be accomplished by legislative enactment passed by a two-thirds vote of the total membership of the Senate and a two-thirds vote of the total membership of the House of Representatives.

(7) General obligation indebtedness may be incurred in anticipation of state tax collections (tax anticipation notes) under such terms and conditions as the General Assembly may prescribe by law. Such tax anticipation notes shall be secured by a pledge of such taxes and by a pledge of the full faith, credit and taxing power of the State. All tax anticipation notes shall be expressed to mature not later than ninety days from the end of the fiscal year in which such notes are issued.

(8) General obligation notes may be issued in anticipation of the proceeds of general obligation bonds which may be lawfully issued (bond anticipation notes) under terms and conditions which the General Assembly may prescribe by law. Such bond anticipation notes shall be secured by a pledge of the proceeds of the bonds in anticipation of which such bond anticipation notes are issued and by a pledge of the full faith, credit and taxing power of the State.

Bond anticipation notes shall be expressed to mature not later than one year following the date of issuance, but if the General Assembly shall so authorize by law, bond anticipation notes may be refunded or renewed.

(9) The General Assembly may authorize the State or any of its agencies, authorities or institutions to incur indebtedness for any public purpose payable solely from a revenue-producing project or from a special source, which source does not involve revenues from any tax but may include fees paid for the use of any toll bridge, toll road or tunnel. Such indebtedness may be incurred upon such terms and conditions as the General Assembly may prescribe by law. All indebtedness incurred pursuant to the provisions of this subsection shall contain a statement on the face thereof specifying the sources from which payment is to be made. (1976 (59) 2217; 1977 (60) 90; 1985 Act No. 10.)

Any and all appropriations for political subdivisions of the State shall be subject to the provisions of this subsection.

(9) General obligation notes may also be issued in anticipation of the proceeds of general obligation bonds which may be lawfully issued (bond anticipation notes) under such terms and conditions that the General Assembly may prescribe by general law. Such bond anticipation notes shall be secured by a pledge of the proceeds of the bonds in anticipation of which such bond anticipation notes are issued and by a pledge of the full faith, credit and taxing power of the political subdivision.

Bond anticipation notes shall be expressed to mature not later than one year following the date of issuance, but if the General Assembly shall so authorize by law, bond anticipation notes may be refunded or renewed.

(10) Indebtedness payable solely from a revenue-producing project or from a special source, which source does not involve revenues from any tax or license, may be issued upon such terms and conditions as the General Assembly may prescribe by general law; provided, that the General Assembly may authorize by general law that indebtedness for the purpose of redevelopment within incorporated municipalities and counties may be incurred, and that the debt service of such indebtedness be provided from the added increments of tax revenues to result from any such project. The limitation above set forth "No person may hold two offices of honor or profit at the same time," does not apply to the circuit judges of the State under the circumstances stated in this section, but whenever it appears that any or all of the Justices of the Supreme Court are disqualified or otherwise prevented from presiding in any cause for the reasons set forth in Section 6 of Article V of the Constitution, the Chief Justice or in his stead the Senior Associate Justice when available shall designate the requisite number of circuit judges for the hearing and determination of the hearing. After the adoption of this Constitution any person who shall fight a duel or send or accept a challenge for that purpose, or be an aider or abettor in fighting a duel, shall be deprived of holding any office of honor or trust in this State, and shall be otherwise punished as the law shall prescribe. (1970 (56) 2684; 1971 (57) 315.)

Editor's Note

This section was originally Section 11 of Article I. It was transferred to its present location by the amendment ratified by 1971 Act No 276 (1971 (57) 315) which effected the revision of that article. The

SECTION 7. Lotteries; bingo; raffles.

Only the State may conduct lotteries, and these lotteries must be conducted in the manner that the General Assembly provides by law. The revenue derived from the lotteries must be used first to pay all operating expenses and prizes for the lotteries. The remaining lottery revenues must be credited to a separate fund in the state treasury styled the "Education Lottery Account", and the earnings on this account must be credited to it. Education Lottery Account proceeds may be used only for educational purposes as the General Assembly provides by law.

The game of bingo, when conducted by charitable, religious, or fraternal organizations exempt from federal income taxation or when conducted at recognized annual state and county fairs, is not considered a lottery prohibited by this section.

A raffle, if provided for by general law and conducted by a nonprofit organization for charitable, religious, fraternal, educational, or other eleemosynary purposes, is not a lottery prohibited by this section. The general law must define the type of nonprofit organization authorized to operate and conduct a raffle, provide standards for the operation and conduct of raffles, provide for the use of proceeds for religious, charitable, fraternal, educational, or other eleemosynary purposes, provide penalties for violations, and provide for other laws necessary to ensure the proper functioning, honesty, and integrity of the raffles. If a general law on the conduct and operation of a nonprofit raffle for charitable purposes, including the type of organization allowed to conduct raffles, is not enacted, then the raffle is a lottery prohibited by this section.

(1930 (36) 1207; 1931 (37) 110.)

Provided, That the General Assembly need not prescribe any such petition as a condition precedent to the holding of any such election in the City of Myrtle Beach where the proceeds of the bonds are authorized to be used solely for the purpose of enlarging, extending and improving the waterworks system or the sewage disposal system. It is intended that the term "City of Spartanburg" as used in this amendment shall mean the City of Spartanburg with corporate limits as now constituted or as hereafter altered following merger, annexation, or modification of corporate limits. (1966 (54) 3704; 1967 (55) 12.)

Provided, that the provisions of this section requiring a petition of the freeholders and the holding of an election shall not apply to any obligation incurred by the City of Florence to Florence County or to any agency of Florence County resulting from a long-term lease of a portion of a multistoried office building to be erected by Florence County for the purpose of providing courthouse, jail, city hall, office and related facilities for Florence County and for the City of Florence and for other governmental agencies, pursuant to which the full faith and credit of the City of Florence is pledged to the payment of rent and other obligations under such lease. SECTION 11. Schedule.

That no inconvenience may arise from the change in the Constitution of this State, and in order to carry this Constitution into complete operation, it is hereby declared:

Laws now of force; ordinances. - First. That all laws in force in this State, at the time of the adoption of this Constitution, not inconsistent therewith, and constitutional when enacted shall remain in full force until altered or repealed by the General Assembly or expire by their own limitation. All ordinances passed and ratified at this Convention shall have the same force and effect as if included in and constituting a part of this Constitution.

Writs, actions, etc. - Second. All writs, actions, causes of action, proceedings, prosecutions and rights of individuals, of bodies corporate and of the State, when not inconsistent with this Constitution, shall continue as valid.

Laws inconsistent with Constitution. - Third. The provisions of all laws which are inconsistent with this Constitution shall cease upon its adoption, except that all laws which are inconsistent with such provisions of this Constitution as require legislation to enforce them shall remain in force until such legislation is had.

Fines, etc., accruing. - Fourth. All fines, penalties, forfeitures and escheats accruing to the State of South Carolina under the Constitution and laws heretofore in force shall accrue to the use of the State of South Carolina under this Constitution, except as herein otherwise provided.

Recognizances, etc.; indictments. - Fifth. All recognizances, obligations and all other instruments entered into or executed before the adoption of this Constitution to the State, or to any County, township, city or town therein, and all fines, taxes, penalties and forfeitures due or owing to this State, or to any County, township, city or town therein, and all writs, prosecutions, actions and proceedings, except as herein otherwise provided, shall continue and remain unaffected by the adoption of this Constitution. All

indictments which shall have been found, or may hereafter be found, for any crime or offence committed before the adoption of this Constitution may be prosecuted as if no change had been made, except as otherwise provided herein.

All officers hold over; compensation. - Sixth. All officers, State, executive, legislative, judicial, circuit, district, County, township and municipal, who may be in office at the adoption of this Constitution, or who may be elected before the election of their successors as herein provided, shall hold their respective offices until their terms have expired and until their successors are elected or appointed and qualified as provided in this Constitution, unless sooner removed as may be provided by law; and shall receive the compensation now fixed by the Statute Laws in force at the adoption of this Constitution.

At all elections held for members of the General Assembly in case of a vacancy, or for any other office, State, County or municipal, the qualifications of electors shall remain as they were under the Constitution of Eighteen hundred and Sixty-eight until the first day of November, in the year Eighteen hundred and Ninety-six.

The General Assembly, in order to insure continuity of state and local governmental operations in periods of emergency resulting from disasters caused by enemy attack, shall have the power and the immediate duty (1) to provide for prompt and temporary succession to the powers and duties of public offices, of whatever nature and whether filled by election or appointment, the incumbents of which may become unavailable for carrying on the powers and duties of such offices, and (2) to adopt such other measures as may be necessary and proper for insuring the continuity of governmental operations. In the exercise of the powers hereby conferred, the General Assembly shall in all respects conform to the requirements of this Constitution, except to the extent that in the judgment of the General Assembly so to do would be impracticable or would admit of undue delay. (1960 (51) 2043; 1961 (52) 664.)

SECTION 13. Use of funds realized by Greenwood County from sale of electric properties and system.

This State and its political subdivisions shall not create a legal status, right, or claim respecting any other domestic union, however denominated. This State and its political subdivisions shall not recognize or give effect to a legal status, right, or claim created by another jurisdiction respecting any other domestic union, however denominated. Nothing in this section shall impair any right or benefit extended by the State or its political subdivisions other than a right or benefit arising from a

domestic union that is not valid or recognized in this State. This section shall not prohibit or limit parties, other than the State or its political subdivisions, from entering into contracts or other legal instruments.

(2007 Act No. 7.)

AMENDMENTS TO THE CONSTITUTION

Article I of Amendments to the Constitution

The General Assembly shall provide by law for the condemnation, through proper official channels, of all lands necessary for the proper drainage of the swamp and low lands of this State, and shall also provide for the equitable assessment of all lands so drained, for the purpose of paying the expenses of such condemnation and drainage. (1900 (23) 571; 1901 (23) 615.)

Article II of Amendments to the Constitution

The General Assembly of this State may enact local or special laws concerning the laying out, opening, altering or working roads or highways, and concerning the providing for the age at which citizens shall be subject to road duty, and concerning drainage. (1904 (24) 676; 1905 (24) 830.)

Article III of Amendments to the Constitution

Section 1. The electors of Charleston County are granted powers to adopt, revise, and amend from time to time a home rule charter. The charter may provide for the consolidation of any and all units of government located in Charleston County and may provide for the consolidation of any and all of the governmental and corporate functions now or hereafter vested in Charleston County, municipal corporations, special districts, townships, school districts, and any other political entities located within the county. The government created by the charter shall have all the powers and rights possessed by the various political entities prior to the approval of the charter, shall acquire any additional powers granted to such units of government by the State, and shall be recognized by the State as a legal political entity, and shall be a body politic and corporate and a political subdivision of the State of South Carolina.

Before becoming effective, the charter and any revisions thereof and amendments thereto, shall be approved by a majority of the qualified electors of Charleston County voting in an election in which the charter or such revisions or amendments are submitted to the qualified electors of Charleston County; provided, that in the initial election on the question of whether or not the charter shall become effective, the charter must be approved (a) by a majority of all of the voting electors of all incorporated cities, towns and townships, whose votes shall be counted in one group, and (b) by a majority of all of the voting electors of the unincorporated territory of the county where votes shall be counted in another group, and failing such approval the home rule charter shall fail. The General Assembly shall provide for such elections by law which shall require adequate public hearings prior thereto.

The home rule charter consolidating and regulating governments in Charleston County shall be prepared by a charter commission created in a manner designated by law; provided, that not less than seventy-five percent of the membership of the charter commission shall consist of persons representing defined districts on a population basis. The law creating the charter commission shall provide for financial support needed by the charter commission.

The charter shall provide for the election of a governing body from specially defined districts, or from the area at large, or a combination of both. The charter shall provide for the organization of government, the enactment of ordinances protecting the health, safety, morals, and general welfare of the area governed by the charter, and the selection of administrative officials except those whose election is provided for elsewhere in this Constitution who shall continue to be so elected.

The charter may provide for districts within the county for the imposition of taxes, licenses, service charges, fees, and other revenues, for the incurring of bonded indebtedness, and the providing of services.

The charter shall provide for the protection of the creditors and contractual obligations of any governmental unit which may be merged or consolidated by the charter.

The governmental unit created by the charter may issue general obligation bonds upon approval of at least three fifths of the governing body or upon the approval of a majority of the qualified electors of the
